

Water Coolers Stainless Series

Consistency in performance, competitive pricing and glossy stainless steel panels make this cooler a popular and attractive long-life rental unit.

Model:

Stainless H/C (Hot and Cold)

Stainless NS H/C (Hot and Cold)

- Graceful design, easy to maintain and convenient to use
- Food grade stainless steel (SUS304) hot tank and cooling tank
- Large and durable drip tray
- High quality and efficient compressor for reliable and consistent performance
- 2 years limited warranty

The logo for 'igo' features the letters 'i', 'g', and 'o' in a blue, sans-serif font. The letter 'o' is replaced by a stylized globe showing the Americas.

Stainless Series are
Energy Star rated

Stainless Series

Technical Data & Specifications

Cabinet: Durable brushed stainless steel gives this cooler a modern look that matches any decor. Finger print resistant coating helps keeps this cooler looking new. Easy disassembly for quick access to internal components. Rolled edges eliminate sharp / dangerous edges found in most stainless steel coolers.

Cold Water Refrigeration Unit: Convection cooled condenser. Internal, spring mounted, hermetically sealed compressor with automatic overload protector. No lubrication needed. Refrigerant is controlled accurately by a capillary tube.

Cold Water Thermostat: Temperature is controlled by an adjustable thermostat with "OFF" position that is easily accessible on the rear of the unit.

Cold Water Reservoir: Food grade stainless steel type SUS304, 1 gallon (3.8 liter) reservoir. Provides superior chilling for great tasting water. Highly polished surface is easy to clean and maintain.

Hot Water Tank: Food grade stainless steel type SUS304, 0.32 gallon (1.2 liter) capacity. The 520 watts heating element ensures precise temperature control. Removable thermostat and heating element ease service.

Electrical:
Cooler operates on 115 volts, 60 Hertz
Refrigerant:
All units contain HFC-134a refrigerant.
